

compact **durable** design

proven scale technology

pediatric scales

Weighing newborns requires scales with the latest special features. Our neonatal and digital baby scales make weighing babies of all sizes safe, quick and accurate.

dietary scales

The most efficient way to monitor and control calorie intake is to measure portion size by weight. Rice Lake dietary scales make it fast, precise and easy. Battery operated with large display.

Rice Lake sets a high standard in medical weighing equipment, process efficiency and safety. The combination of advanced scale design and features with the added value of more than 60 years of weighing technology leadership makes the critical difference. Now hospitals, clinics and health clubs can have proven scale technology — plus Rice Lake's legendary service and support on call.

THE UNIQUE ADVANTAGE

of Rice Lake medical scales is that each model comes with added value: Rice Lake's legendary service and support. Hospitals, clinics, care centers, and health and sports clubs need high-quality, feature-rich, accurate and dependable medical scales.

The Rice Lake medical scale lineup includes physician, wheelchair, chair, bariatric, dialysis, dietary, pediatric and neonatal scales.

bariatric scales

The safety and comfort of bariatric patients requires the most durable scale with added support. Rely on Rice Lake technology for proven performance. 1000lb capacity. Available with optional seat.

wheelchair scales

Our wheelchair scale selection features larger platforms for safe weighing of a wide variety of patients. Models include single and dual ramps with optional seat available. 1000lb capacity. In-floor version also available.

chair scales

Chair scales fit in smaller spaces and are ideal for accurately weighing patients who feel more comfortable and are safer seated. Digital models with up to 600lb capacity. Mechanical models up to 440lbs.

home health scales

Attractive exterior design covers robust, precision scale technology to accurately monitor and maintain healthy weight at home. Professional digital and mechanical models.

physician scales

The classic physician scale is updated. Sleek design means easy-to-clean. Floor, waist and eye level digital models available with 550lb capacity. Mechanical model with 440lb capacity.

*Legal-for-Trade
Floor level model available.*
