

MB130

Digital Pediatric Scale

**Dual graduation ranging
from neonatal to pediatric care
(5/10 gram .01/.02 lb)**

Multifunctionality is the key to Detecto's MB130 Digital Pediatric Scale for the health care market. This digital scale features a removable baby tray which automatically converts the scale into a low-profile step-on toddler scale with a capacity of up to 20 kilograms / 40 pounds.

The easy-to-read LCD features pounds and kilograms units. Power is provided by either 9-volt battery (not included) or AC adapter (included). The lightweight, comfortable design makes these scales ideal for visiting nurses and pediatric health care professionals.
